Date 10th August 1949.

To

The Chief Secretary to Government,
Bangalore.

SUB:- Application for Study Leave from
Sri. M.A.S. Rajan, Special Land
Acquisition Officer, City Improvement
Trust Board, Bangalore.

In forwarding herewith an application for the grant of Study leave submitted by Sri. M.A.S. Rajan, Special Land Acquisition Officer, I have the honour to state that Sri. Rajan wishes to undergo a course of study in advanced public Administration and Technique of Modern Government in the well reputed Graduate Schools of Public Administration at Harvard in the U.S.A. with practical work and specialisation in administrative subjects.

During the period Sri. Rajan has been working in the Bangalore City Improvement Trust Board, he has shown himself to be extremely zealous in the performance of his duties. His manner of conducting himself is unexceptionable. He is well informed in all general subjects and has a ~~fx~~ flair for study of the subjects set forth in his application for Study Leave. I have no doubt, with his earnestness and keenness, he would acquit himself very well and materially contribute to the advancement of the country in the directions indicated by him.

I strongly recommend his application for Study Leave in the circumstances set forth in his application.

Yours faithfully,

C. N. Varghese
Chairman.

HR/gvm.

To

The Chief Secretary to the Government of Mysore,

BANGALORE.

Through

The Chairman,

City Improvement Trust Board,

BANGALORE.

Sir,

I beg to submit this application for the grant of study leave under Appendix K of the Mysore Service Regulations read with G.O.No.FL9751-9834-S/A147-48-2/21-4-49, to enable me to widen my knowledge and improve my qualification for public service.

I may be permitted to add that I am entitled to the facilities I am requesting, as I have completed six years' of service and am well within the age of superannuation being, at present, less than 28 years of age.

My desire is to take a course of study in advanced Public Administration and the technique of Modern Government in the well-reputed Graduate School of Public Administration at Harvard in the U.S.A. with practical work and specialisation in subjects like the Administration of large multi-purpose river valley projects, notably the T.V.A. Authority, and schemes calculated to develop Rural Areas and make them more attractive and prosperous with a view to stem the growing drift^{to} and concentration of population in urban areas. I feel that an intensive and systematic study of these subjects is urgent and would be of help in understanding and rendering service towards the solution of problems of paramount importance to our country such as the increase of food production and the utilisation of the resources of undeveloped areas (like the Jagar Valley) and the planned administration of large power-cum-irrigation-cum-industrial

projects currently being undertaken by Government. I shall of course be only too ready and willing to devote study and attention to any other course of study or problems of Central or local administration that Government may be pleased to suggest.

My request is for a total period of 'twelve months' study leave in the first instance. This will be made up of the privilege ^{leave} at my credit on the date of availment, together with six months furlough on full average salary and such special leave as is required to make up the balance. I have now about 3 months' privilege leave at my credit.

I shall be grateful for early sanction of the study leave facilities applied for above.

I remain,

Yours faithfully,

M. S. Rajan

10/8/49.

CP

Letter no: G.70/49-50 D/10/8/49 from the Chairman
City Improvement Just Board forwarding for
favourable consideration the application Sri S. M. A. S.
Rajan, Spl Land Agn Officer, B'lore Just Board, B'lore
for study leave for undergoing a course of study in
advanced Public administration and technique of
modern Govt at the Graduate School of Harvard
University U.S.A.

Subd 1) Sri M. A. S. Rajan prays for ^{the grant of} study leave
under Appendix K read with G.O. No. 7751-9834/344
147-48-2 D/21/4/48 (Flag J). He enlisted himself to
civil service of open competition, the date of appointment
being 15/2/43. He requests that he may be granted
a total period of 12 months study leave in the first instance,
which will have to be made up of the P.A. at his
credit on the date of availment plus 6 months' furlough
on full average salary and such special leave as
may be required to make up the balance.

and technical
perhaps the concessions contemplated in Appendix K (MS-A
and intended for candidates deputed from the ^{scientific} ~~subordinate~~
to ^{the} ~~the~~ ^{applicant's} ~~present~~ request for the grant of leave for
study undergoing training in public administration does
not come ^{well} within its purview and ~~also~~ there is no provision
in the budget therefor as required in para 12 of the Appendix.
The provision made in the Budget under "Education" is for candidates
deputed from the Govt. There has so far been no
instance where study leave has been granted for public
administration which the applicant intends to make. The
request of Janak Ismail Sheriff for deputation to
England for study in the public administration (while
he was Treasury Secy) has been negatived (Flag K)

2) There is ^{at present} ~~no~~ dollar exchange difficulties for meeting
foreign tour (Flag A)
3) Kind reference is ^{also} ~~is~~ invited notified on 27/4/49 (Flag J)

6
5/8/49

4) There are no instances in the past

Representation of Sri M. A. S. Rajan, for grant of
study leave

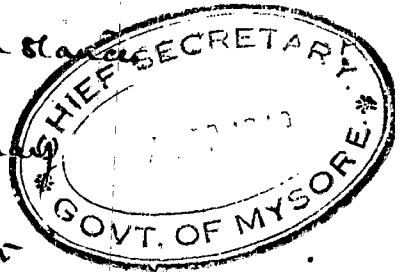

in which officers have been granted
study leave to under go a course of study
in ~~advised~~ Public Administration, and
similar requests in the past have been
turned down.

(5) In view of this and in the circumstances
explained in para 1 of the notes, it may
not perhaps be possible to comply with
the request of Sri M. A. S. Rajan. For orders.

Chief Secy)

SCMR

5/9/49

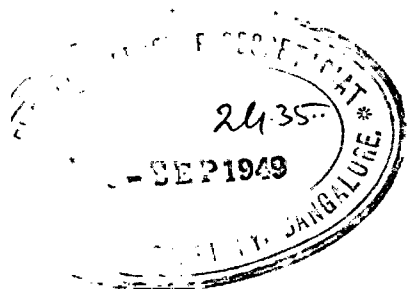

6) Janak Sonail Shetti's application
was turned down 26 years ago.

7) Public Administration is becoming
more and more a complicated and
specialised subject, and, our officers
& administration would be all the
better for the acquisition of knowledge
of these matters, as they exist in the
more advanced countries. Though
we have been priding ourselves about
the efficiency of the Mysore Civil
Service, and of its being second to
none else, fresh knowledge, new &
more efficient ways of dealing with
administrative matters, re-organisation
of administrative machinery, cutting
down of formalities & red-tape
would always be desirable; in these
days it would be necessary.

8) We, in Mysore, have just been carrying on the traditions built up in the pre-independence days, as modified about a generation ago by Sri. D.M. Narasinga Rao. It is high time we organised our Administration Machinery on modern lines.

9) In this view, I think it would be highly desirable to send some of our promising young men, once in 2 or 3 years to Western Countries. The study of the Administration setup of the U.V.A. in U.S.A., for example, would be of immense advantage to any administration.

10) For Consideration.

Chief Minister
Min. Agr. Dept.
W.P.

11/9
7/9
sent
7.9.49

11) In the days of Sri D.M. Narasinga Rao's deputation to Delhi and Simla, this land was flowing with milk and honey. We knew not ^{the} term "Deficit Province" and had enough to eat and wear. We are now having rationing and there is little that is in ordinary use now that is not taxed or controlled.

12) In those days the Treasury was full. At present

Representation of Sri MAS Rajan, Assistant Commissioner
for the grant of study leave. 587
CB

Sent it is bare.

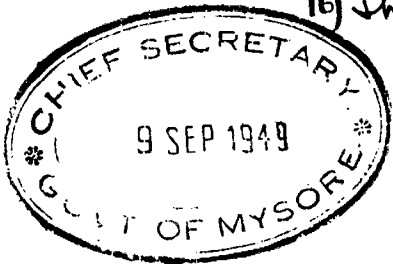

2435/7L.

13) The Administrative machinery of any country must be suited to its own conditions. Our conditions are not those of the U.K or of the U.S.A. For one thing these countries are incomparably richer than we can ever hope to be and their expenditure on administration will hasten our extinction.

14) It is not for nothing that for all the past years we drew inspiration from the Delhi Secretariat, modifying it to suit our conditions. Such a deputation overseas if profitable to the State, would surely have been attempted by now. It has not been done yet and past experience ought to count for something.

15) So many have been sent abroad during the last 3 years that it is time we cried a halt to the procedure. Neither dollars nor sterling and in our own case not even rupees are plentiful. It behoves us to conserve what little we have left.

16) The proposal is financially unacceptable.
